Dear Parents

For students whom are interested in studying in STEM subjects, he/she was earlier invited to participate in the "HSBC Future Skills High Impact Project Fund-Robot for Future Project" sponsored by the Tung Wah Group of Hospitals. The purpose of the project is to enable students to master STEM skills such as programming by understanding smart robots and other technological products, and to enable students to learn soft skills such as teamwork and presentation skills from the experience, so as to enhance students' future skills.

During the planned activities and competitions, the organizer or school may take photos and videos, and have the opportunity to publish and broadcast them publicly, including but not limited to the organizer/school's publications, webpages, leaflets, short videos and banners. In this way, we can introduce the planned activities and the development of our school in STEM education to the public, and also affirm the efforts and achievements of the participating students, and increase students' confidence and sense of belongings to the school.

For this reason, the school would like to ask you about the propaganda and promotion of the portrait of your child during the period of participation in the programme. Please kindly sign the e-reply slip by 7th December 2020 (Monday). If you have any doubts or concerns about portrait rights, please contact Mr. Law Pui Ka on 2443 9833 by 10th December 2020 (Thursday).

Yours sincerely
