Programme for International Student Assessment 2025

16th May 2025

Dear Parents

The Programme for International Student Assessment (PISA), launched by the Organisation for Economic Co-operation and Development (OECD), is a collaborative effort of over 90 countries/economies. Every 3 years, PISA provides comparative data on 15-year-olds' performance in science, reading and mathematics. The 15-year-olds will be assessed on how well they can apply the knowledge and skills learned at school to real-life challenges, make sound judgements, and fully participate in the knowledge society. PISA 2025 assesses students' literacies of Science, Mathematics and Reading, as well as their competence to learn in the Digital World. We are pleased to inform you that your child has been invited to attend the assessments. For the details of the assessment, please refer to the Chinese version.

Please return the signed e-reply slip by 19th May 2025 (Monday). Please feel free to contact our Vice Principal, Miss Leung Yuk Lan on 2443 9833 if you have any questions.

Yours sincerely
