Dear Parents

To strengthen school-family cooperation and establish a positive culture of parent education, our school is now implementing the Parent Online Learning Platform. This platform aims to help parents understand adolescent development, promote the healthy, happy, and balanced development of adolescents, improve the physical and mental health of parents, and enhance home-school cooperation and communication. The educational content of the learning platform follows the principles and concepts of the "Parent Education Curriculum Framework (Secondary School)," including national security education and media literacy, to align with the school's teaching policies and help parents better master parent-child communication skills. We kindly request that you make full use of the resources on the platform and carefully read the attached Parent User Guide. Details regarding the online learning platform are as follows:
